Welltech Wind Simulator is designed for athlete training. It simulates the wind from 1m/s to 15m/s (option with 20m/s). With special design of the blades, it can have a good uniformity with less noise.

Features
- LCD Touch Screen Controller
- Wind Speed: 0-15m/s
- Height adjustable
- Blade Diameter: 400mm or 500mm
- Good Uniformity and Stability
- Low Noise
- Controller with fix mounting or remote mounting
- Programming is available (as option)
- Safe & Reliable
- Easy Operation

Application
- Simulate Weathering Wind Speed
- Athletic Training
- Any Human Exercise's Training

Installation
- The wind simulator comes with one piece and no installation is needed.
- Just power up it and it will works.
- Power Supply: 3phase 380-415Vac or (option: single phase 220-240Vac)
**Specification**

**LCD Touch Screen**
- Two Mode: Manual or Program
- 2 Operation Mode: Manual or Time Control

**Blade**
- Special design in shape with good uniformity

**Adjustment Height**
- From 80 to 150cm (blade centre to ground level)

**Casing**
- 304 Stainless Steel or
- G.Steel with coating

**Anemometer (option)**
- Range: 0–30m/s
- Accuracy: +/- 0.1m/s

**Model**
